Our mission is to redefine the expectations of the nail salon experience by bringing medical-grade standards of practice, a more social and trendy environment, and to develop an online community of our clients to continually improve and refine ourselves and redefine the nail spa industry.

## THE STORY OF OUR NAME

We chose the name 'Athenian' as a tribute to the Greek goddess Athena, the goddess of wisdom. Athena's symbols were the owl and the arrow, which are both parts of our logo. A replica of The Parthenon, the temple of Athena, stands as a tourist attraction and landmark in our hometown of Nashville. And, if you look closely, the top of our logo even appears vaguely similar to the Nashville skyline! While we value beauty as a central element of our business, we choose to focus on the wisdom of innovation, standards of practice, and constant development, refinement and improvement of ourselves and our services.
